

Dear Customer,

with this little description your shopping will be easier.

Please use your **“wish list”**
(Button at the top right of the Konklang® Online Shop)

If the image of an item within a category click, opens the details of this article with a larger image of the article.

Below the green button  in the respective detailed description of the article, please click on the text **“Add to wish list”**.

So you collect one by one your desired products in the **“wish list”** of your account.

In the **“wish list”** then enter the amount of the desired product in the quantity box of the article (by default there is a **“1”**).

Then set right next to a product to purchase desired, a check mark in the space provided little square box with a click on the box.
Please now successively in wish list put a check mark next to your desired products.

Finally click on the button  at the right bottom of the wish list.

Now you have one-click set all the desired items add to cart and be able to continue your order process.

ADVANTAGE of the WISH LIST:

All products remain permanently receive the **“wish list”**. This is a great advantage for repeat orders of the same products.

In the next order, with the same products, you only need to enter your **“wish list”**, enter the quantity of items, put a check mark next to the item with click in the box, and finally with one click create all the desired items **“Add to cart”** at once.

The **“wish list”** button you find each time you visit our online shop on top right of the taskbar of our online shop.
